Come on, I am joking. Yes I will ask Olena. No big deal. I meant it seriously with hiring a headhunter.

I could be a good assistant but probably you want someone more obedient. I will look around. You could enageg a professional headhunter. Can it be a man or is this another way to ask me to introduce you to girls?

Yes. I did not feel pleasure from forcing myself doing things. I agree that it is good to try but I should not continue if I don't enjoy. Also, I started to be more selective on with whom I spend time with and to whom I want to give pleasure to. I want to be around people that I can learn from, that are supportive and respectful and if that is the case I really fell like give them everything I can to make their life happier.

Unfortunately no crazy story to tell you. I got bored by those experiments as they did not give me pleasure but they were a good way to learn and get more confident, so thank you. I asked a lot of guys what they see as great sex and all of them said it was when they saw/felt that the girl had immense of pleasure.

Looking forward to having fun when you'll be here.
