hi.. so what I was thinking re mortgage issue if you are interesting and willing for Nancy.. (as I indicated she has already been approved in OZ.. house is 700k she is putting in 300k).. this would be win-win because OZ terms are shitty and also penalizes her if she sells early (and since I want her to sell early I don't want that.. :)).. would be something like 5% fixed term for 15 or 20 years for 430K with no prepayment penalty.. If this makes you queasy in any way, no worries.... I figure it is win win because it is a lot more than going rate in US.. but her rate in OZ is 5.39% for 2 years with renegotiation in 2 years, and prepayment penalty..
