Remove and replace bolt patterns, 2 men 2days
Buck Steel recommend removal and replace as best course of action
This could be added to David's (Carpenter) scope of work, he is very familiar with this type of work
Sheridan and Buck could assist him

American Steel Shed
Estimated cost for shed and doors \$33,911.00, this does not include shipping

how do you wish to proceed

Unfortunately it would require buck steel to do major design changes to match existing bolt pattern
It easier for us to cut and replace
The existing pattern came from American Steel

Rich

Danny and I have reviewed drawings from Buck Steel

Please note that the existing bolt pattern that is in place will have to be removed. and new anchors will need to be epoxied in to match shed from buck steel

I assume that Jeffrey is ok with Door placement

Would recommend Forward

Any concerns please call

Regards

Brice
