---

Greetings Sir,

The height of the credenza from floor to top - 35.5 inches

The length of the credenza at the base - 103 inches

The width of the credenza at its widest point in the center - 21.5 inches

The ship's length is 105 inches - the front is in line with the edge of the credenza, but the back extends 2 inches over the edge of the credenza

The ship's width at it widest point - 25 inches

The ship's height, including the stand, from the top of the credenza to the top of the tallest rigging - 85 inches

Respectfully submitted, Daphne
