HI Rich, Here is a resume, of the Designer, I sent a few sets of photo's here is his resume , pic, and more information, I will try and keep them coming.

Russell

Dear Russell;
Thank you for speaking with me yesterday, and describing with candor the job description.
I am very interested, and will send off to you tomorrow a small collection of images that represent some examples and diversity of my design work.
These photos should suffice to determine if there is enough interest for your client to pursue this further.
