Hi Richard, Question? This gentleman is very accomplished, He has done work for Ron Perlman.. The Soros family, and is the mix for a high level House Manager role for one of the Microsoft executives, His current base is 220k, Bonus and bunch of other great perks, The company due to a celebrated divorce are selling off all the properties, so the handwriting is on the wall that he should start looking, I have been working on it for you (but not advertising as discussed), Would you think Jeffery would consider someone like this being he is very accomplished? He sounds like a candidate and has passed the strictest background checks,
