Augmentin is the best fit medication for the bacteria you have. The bacteria is called streptococcus. Dr. Galasso is available if you need to speak with her.

Good Morning,

I'm glad that you received our email. Attached is the herpes results, we did test you for Candida and you do not have Candida but you do have some bacteria which is normal for women. We called a prescription into your pharmacy which is called Augmentin 500 mg and you will take it twice a day for 7 days. Feel free to contact us with any other questions.

Thank you,

Drs. Galasso, Hirsch & Russell
