Hi [REDACTED],

You're welcome to come in again if you should like. Please call the office to speak with Janie if you like.

Dr. Rosenberg thought that you wanted to not touch the bump but redid it after you called and spoke with Janie.

The imaging is just a projection, the nose he and you decide on usually comes out much better.

Best,

Lauren

Thank you Lauren!

Does Dr. Rosenberg did it? Or seen it?

Cause it looks a little bit different from that we discussed with him..

We discussed that we will not touch the bone..

Maybe it's ll be better to come to the office one more time?

Dear [REDACTED],

Attached is the imaging you discussed with Dr. Rosenberg. He has redone it for you.

Please be advised that this is a projected computerized image and not a guarantee of surgical outcome.

If you have any questions please call the office at 212-832-8595.

Best Regards,

Lauren
