 Four ways to make Windows yours

## Personalize your Start screen

You can choose how your Start screen looks.

To change your background, color and lock screen picture, open the Settings charm, select **Change PC Settings**, then select **Personalize**.

To rearrange tiles, drag them to where you want them.

To see all of the apps installed on your PC, swipe from the bottom of your Start screen or right-click. To pin an app, swipe-down or right-click it.

To resize or unpin your tiles, swipe down or right-click them.

Personalize your Start screen

 Bring your apps to life

## Bring your apps to life

Windows comes with apps for Mail, Messaging, Calendar, People, and all the things that you need most. Sign in with your Microsoft account, connect it to your social networks, and watch the apps come to life.
