F!

Sounds like you've just started a fun gathering USVI... I met David when he was 14 -- smart, fascinating human. Sounds like you have a fun group of scifi folks also. Great that Marvin is doing this.

If you're in NY later in the week, let me know. I'll be seeing Barnaby on Saturday (day), 12/17; Brian Greene and Tracy Day on 12/15...otherwise, in meetings...

Happy holidays!!
