Hi Bella,
I don't know how I counted 1,680 at the beginning lol
But the total amount will be 1,376 not 1,143. You didn't include recent the grocery shop: gourmet Gallery" at the Island for \$173.15 and an hour driving class for \$60. I will attach those receipts in my next email. Thanks P.S please don't forget about \$15 fee when you send a wire ;)

Hi Bella,

As I said I finally got my hands on doing this :)

Here are receipts for past months some of them very recent from my trips to Palm beach and Island with Jeffrey. I have attached you a receipt with taxi to JFK when I wasn't able to book a car to take me. It was confirmed with [REDACTED]. You can ask her she knows. Also I am attaching a receipt from an hour driving class before my road test exam. I am taking road test exam again by the end of this month as Jeffrey wants us all have license. So I recently purchased 5 hours package lessons which is \$415 they didn't give me any electronic receipts and I wasn't able to come in person to purchase but you can check it here <http://usonedrivingschool.com>. The total amount is \$1,680.47 plus \$15 fee

I think I have more receipts from my travel and purchases to Palm beach with jaggly(new [REDACTED]) I made using my card and some groceries for [REDACTED] in NY but I will send them next time. I am not sure where they are as I just moved to new apt and haven't unpacked all my boxes. Would you please make a reimbursement sometimes today as its a big amount for me and I will need those money for my personal purchases. Thanks !:)
