---

I've seen the end of this chain game :)

I've followed the chain and understand the intent : but allowing a broken security model that continues to allow nation states to exercise weapons of mass economic distraction doesn't serve anyone.

We can accomplish Maussian gift economies & cultures with cryptocurrencies; while wiping out corruption if Bill G & Nathan take a moment in time to learn about what they already bought.

They acquired Dr Stefan Brands (<http://idtrail.org/content/view/55/43/>) patent suite after we hosted it at Zero Knowledge but they ignored it. We all made Stefan rich (we contributed \$2m but Microsoft gave him \$18m) but the technology still hasn't been heard or deployed.

(Kim Cameron & Brian Arbogast their identities architect's tried to infuse MSFT & Passport/ACTIVE directory with this knowledge but they didn't listen)

Anyway, hopefully we piqued their interest and we can help them learn a thing or two about fixing MSFT (our co founders include 2 ex Microsofties & our investors include many more of them)

But I'm concerned because they are exploring Ethereum & Stellar which have provably broken security models of you have the right cryptographers & scientists on your team.

I don't think the NSA deserves to hear what we say on Skype (after @pmarca gave them full listening capabilities to all Skype calls via Echelon).

We use <http://appear.in> which is encrypted, real time video that can be done ad hoc and in the privacy of your own mind.

Hi Jeffrey,

I hope you are well. My apologies for interrupting in what I'm sure is a crazy media storm for you & your team. I will be in NY next week and would always appreciate your advice & council on a few things both business, Bitcoin, personal & esoteric mind games that we play.

Should you have time for me & think it appropriate for a visit, I would welcome the chance for a drop in.

respectfully yours &

best,

@austinhill

{{PS : I think it is a good time for me to revisit Andrew Larkin to spread some knowledge. But he should be warned I may bring a Bitcoin Belle who is an anarchist and was camping with Occupy New York, but not if it's inappropriate.}}

[Note to self: Don't comment on email threads : Letting Jeffrey play Jedi mind tricks with you only leads to a front seat at a Bobby Slayton Comedy Show]
