Jeff -

It would be a difficult call being there is a lot of passage of time since [REDACTED] past police issues and now. Without having any follow up on her to even determine if she and her mother were or are on speaking terms / seeing one another / etc., it would be hard to guess what a mother might say about her daughter - especially if the mother realizes there might be some money involved.

I am assuming your guys have an updated background on [REDACTED]. If so, would you pass it on to me to look it over. Also, I would assume your guys have already done a background on her mother - so we can get a feel for her. They may be reports (civil or criminal) concerning relationship, etc., between mother and daughter. If you got mother's background let me look it over as well.

Having this information would help in formulating an opinion on contacting the mother. It also might be beneficial to identify other family members who might also be able to render an opinion.

Regards,

Bill Riley
