So you can see what I am up against.. If/when Buzzfeed does something about this case that has been discredited by now 2 universities (with clear misstatements in the claim that were later shown to be false), you suggest I simply do nothing? If not, please advise. Also, whether I should be proactive at all in terms of threat of legal action etc... Thanks for your help.

Dr. Krauss,

My apology for attaching the incorrect email to my prior message. This thread has the correct public record request. As to your recent question, you will see that BuzzFeed is also asking about your individual funding. I have information from OKED. If you have additional information, can you please provide it to our office – in addition to the funding information for The Origins Project. Thank you.

Cindy
