Emad did not have Dennis Boone details that we spoke about so he asked Gary on Monday for information I am getting concerned that Gary continues to refuse to provide information when asked and keeps saying I will discuss with JEE  
Let me know if I can push him to retrieve info on Dennis Boone and payroll and timelines of projects

Gary,

What is the status with getting the information we asked for?

JE is looking to get this ASAP and I have not heard back from you regarding this matter at all?

Thank you
