Richard –

Attached please find Sawyers' detailed proposal for the Fire Alarm Upgrade for Mr. Epstein's Residence at 9 East 71<sup>st</sup> Street in New York.

We think we have covered all aspects of the upgrade.

This quote covers all new sensors, new panels, combining both systems – essentially a completely new package.

We will be re-using the existing wiring and the existing Horn/Strobes.

Please feel free to contact us with any questions or comments.
