Hi Jeffrey!

How is paris ? Have you heard of <http://www.techstars.com/programs/nyc-program/>

It's a pool of 10 start ups which were selected out of 1000 for funding, mentorship, platforms to develop better . A tech company of a friend of mine got selected. Now the 10 start ups pitch for customers and investors. Maybe it could be of any interest for you to attend :) general electrics, Bosch, PwC and other big and small ones are there to choose partners or to invest

Xoxo
