Sam has a new friend. They got drunk last night.
Something is telling me that nothing more happened ;)
She is not a scientist but I think that you still might like her ;)

In matter of fact she was Victoria secret angel so you might know her already.

She's stunning!! She just emailed me that she's leaving tonight and to check if I am on her flight, but she's going to LA for one night then to NY Sunday. I love her!
