[REDACTED]

Since we got back together . You were in moscow and then wanted to spend most of your time with your amazing boss. While I was trying to invite to miami and other places. You never gave me the time to make it up to you. It was already over.

Anyway, You have [REDACTED] now. She will teach you how to get a rich, who just want to have sex in exchange for money or gift.

Best of luck my dear and I'll always be there for you (as a friend) . When you realize your mistake.

My half God half Brusli...

Sorry for being weird and probably spoiling your weekend... I m just so lost and confused (which doesn't happen to me that often(((

During a few sleepless nights I ve been trying to figure out where our relationship is going... And I think that neither of us neither knows nor wants to do anything anymore... It is like stuck and no one wants to make a move in any direction...

It hasn't always been like this... You know that. I have always liked, then loved, respected you and proved my loyalty to you through these 2 years,,, and even now - there is nothing I wouldn't do for you... I mean it... But right now I don't know what kind of feelings I have for you anymore. I was really convinced that you are the man I want to spent my life with and to create a family... But I want to be with a person that loves me, takes care of me and on whom I can rely 100%... And to create a family with such person. I don't think this on you priority list now... That's why I left the watch and didn't ask you about the ring (I felt like I pushed you to promise me a ring that you didn't want to order - u are not obliged to do it, its fine, let's forget about it)...

I still care a lot about you! And I can't even look when you are in pain with your stomach or legs... And even if we break up I still want to go with you during [REDACTED] next winter...

That's more or less what's been on my mind for a while... As you could guess I m too emotional and it could be really difficult for me to say it to you in personal...

No one has ever damaged me so much and treated me so bad in my life but I can't be upset at you((just can't... You are still one of the dearest people for me and will always be... And I will always be there for you whatever happens)
