Anthony is requesting access to all our apts. [REDACTED] apt in particular now. There is a leak coming from her apartment into the one below. Please advise if ok on a need to know basis it is ok to give Anthony the code to apartments for maintenance.

She did return Andrew's call, however she does not want to give us access without anyone of "Epstein's people" around. I feel this is unnecessary as I cannot control the exact time plumbers will show up to do the repairs.

We do need access to all apartments in the event of situations like this at any time.
