---

Jeffrey,

West Hampton airport has 9000ft runway, East Hampton airport is 4255ft runway, weather would have to be perfect for East Hampton arrival,.

Mr. Black's house address is Meadow Lane, NY,.

West Hampton airport is 18.5 miles mostly highway driving quotes 35min driving time.

East Hampton airport is 14.5 miles, driving time is quoted at 41min.

If you approve, West Hampton is safest landing airport for us, since driving distance is similar,.

is West Hampton OK?

thank you,  
Larry
