Thanks, Martin. I'll check again with Barnaby today, but I don't think he has received the letter yet. We're hoping to distribute the proposal to our Trustees tomorrow, so we do need the letter ASAP. The letter itself need not be lengthy, just a few sentences, confirming that the funds have been contributed for the proposed project. It's a pro forma kind of correspondence, providing external verification attesting to the Additional Funding. As time is quickly getting tight, it might make sense for you or your team to draft a short letter for Jeffrey Epstein and have him sign it.

All the best,

Chris

Dear Chris

I am sorry I missed your call.

I think Barnaby is directly in contact with Jeffrey Epstein regarding the letter.
Could you please ask Barnaby? Hopefully he has received the letter already.

Best wishes
Martin
