Greetings Mr. Epstein,

August 6 photographs for your review and comments:

Engineering shed bays

Office trailer site - proposed site for your review - Jules will level the area, and may have to widen the road's entrance (photos 6 and 7) back to the tree on the right - he will use the red truck to pull the trailer into place

Woodshop tunnel and entrance

Rebar installation for balance of Five Palms palms

Little C

Respectfully submitted,

Daphne
