Hi Tyler,

Not sure why there is such a delay in getting your publishers' feedback?

I'm updating all the sites with new content and inputting submenus into the main site to get google to display menus on the search page.

Could you speak to Jeffrey about putting his name into Bloomberg? His company is already listed. It's such a valuable asset. And I haven't heard from him. The link is:

Thank you for getting back to me this weekend.
