I asked Nikolaus.

Do you know important people in private banks in London, Switzerland, Monaco, Paris, Luxembourg ? UBS, Credit Suisse, Citi bank, Bank of America, Juleus Baer, HSBC, Societe Generale or others ?

From what I understand, my application online is never enough, i must be promoted by internal people or their direct clients to get a job, or bring a new client.

Thank you.

The rest of info on this case:

This is the job offer and then email from another private banker who wants to promote me internally in Credit Suisse Zurich.

Why do they have this vacancy thats suits what i really want to do with my life ? Two people are leaving the team on 1 January 2015, and they need two people to replace but want someone they dont have to teach too much, who can work straight away, from internal in bank, or with experience. But i really want this job and have few people in Credit Suisse Zh who are eager to promote me internally. Lets convince credit suisse Zurich, that i am the right person for the job, my dearest Jeffrey !!

Maybe you or you know someone who wants to put 3 million in this bank ? They said if i come with a client, they hire straight away :)

Thanks so much in advance...!
