Jeffrey,

Do you have a contact in the Hotel-Resturant business who would be willing to come to Alabama to present to the students in the Hotel Resturant Meetings Management dept., possibly a joint presentation with the College of Commerce & Business? I had bill Koch come and present to the engineering and business departments at the end of the semester and it was well received. It would help John's dept and his standing in it, plus he'd get a lot of valuable experience helping set the whole thing up (I did it with Bill Koch because it didn't involve John's dept.). Perhaps Tom P. has someone in Alabama or Atlanta he could send to the school to talk about Hilton. Just asking, just in case you can lend John a hand. By teh way, if you are going to be in PB this summer, John would like to meet you. Says he wanst to thank you personally for all you have done for him.

How is the case going? Any better luck with Joe?
