Jeffrey

Jeffrey

As discussed the Humidifiers that supply Master Bedroom (1), Guest Bedrooms (2) Great Room (2) and Upstairs Sitting Room (1), total of 6 units need to be replaced They are original to build and work 24/7.

Attached photo showing condition of one of the units.

At this time 1 unit is completely down. I taken parts from this unit to make the Master Bedroom and Sitting Room unit work.

Two Options

1. Trane can replace at a cost of \$24,800.00

or

2. We purchase units and have RMC install, ECI program at a cost of \$18,370.00

Lead Time 3-4 Weeks, installation will take 4 days

Can we proceed and which option, 1 or 2

regards Brice
