Hi Merwin,

As I see this, The equipmet we require would be located in the same location as is currently provided. Depending upon the amount of space available, the I-Pads may sit hiriontally on the shelf or Vertically (as shown) on charging stands (provided by NES). All would need to be measure to fit but I think this is the concept that we have discussed.

Also, Please call me regarding the lock for the equipment cabinet in the security room. I want to insure we order the correct part and may need a picture.

Thank You,

Jim
