She was the girlfriend of Alain' friend Vincent Wapler

She was never a real art dealer/expert
never knew her last name

Believe she was a model sometimes but married very well I think with tons of kids

Hello Nina...hope you are well...Jeffrey has a question he wishes you to please relay to Vera:

"Might you recall the last name of Celine, the French girl, that used to work with Alan at the art gallery when cc was buying paintings?"

Can you please pass that along to Vera and let me know if she can remember?!!! ;)

Thanks so very much,
