Yes, I am still working on pulling together the *True Financials* from the Current Station Owner, and hope to have them soon. As soon as I have them, I will forward them to you.

This is a completely separate from that topic (I apologize if I caused any confusion on that matter).

This is about you and I picking up where we left off from our very brief discussion in Cambridge around the Current USVI Political Situation, which is becoming more chaotic by the day (But you and I both know that out of chaos comes opportunity).

But to get straight to the point, the time for me to do what I Do is now and I am getting underway NOW!!

I am only going to be talking to a small number of people from the VI Community around this work, but I know naturally you are going to want to discuss specifics before doing anything else.

I also am only going to discuss in person, (Face to Face) not on the Phone or via the Internet / So, I will make the time based on whatever works for your Schedule to meet and discuss what needs to be done to put us in the position that we need to be in for next year (2018).

Again, I am not discussing this with many people (at this juncture only 3 - Including you).

I will also make myself available per your Schedule to sit down and have these very important and timely discussion.

Let me know,

McGee

Thought of you because I'm headed to DC to meet with Stacey right now

Are you back in the States??

Let me know when you are. We should meet, when you have the time, to pick up where we left off in our USVI discussions around the current political situation.

The time to move has arrived and you are one of the people I wanted to discuss things with if you have the time.

Let me know,

McGee
