Hi Jeffrey!

How have you been?

As our trip to NY is approaching, I was wondering if I should send our passport details for the flight tickets and we should start purchasing the tickets? I told to my friend that you invite her to come visit and she is very happy to come meet you, so we would come to NY together.

My first concert is planned on April 1st and the last one is on April 22nd. So we should arrive to NY on March 29/30th and I will have to fly back on April 23rd. My friend would have to leave on April 12th as she needs to get back to her studies. Should I send our passport info to you or Lesley or someone else?

Kisses!!
