Jeffrey

Just spoke to Brian Hazen

Good guy,.

72 month coming due in 2018 estimate \$400k

Ox tanks have to be removed below floor and lower lobe inspection will be completed at that time, moderately a big inspection down Time 45 days +

-CPDLC completed Fans1A

-GE OnPoint already enrolled!

-HAPP on Cockpit avionics program enrolled.

JSSI - for APU,, was overhauled last year as well,

I'm "not" seeing a downside here?
