Jeffrey,

this is the message I received from Gary at the Toy store regarding the 430 interior quote: looks like they are at \$162,000 (I am confirming this price includes paint stripe change,.

Larry, I am traveling today but will call you tomorrow, but so you know we will be at \$162- 165k for this project provided we can confirm our ability to use the existing forward facing seats, which I am relatively certain we can.

Gary
