getting better, put your parents in the first paragraph as part of the spectators. , seeing your dads hands , this way we will end the same way. you should add the importance in training to visualization.

2011/10/1 [REDACTED] >

this version is all about visualization.. what do you think of it? though it needs to be only 2 pages it is more fun to read now

Jeffrey, imagine we are taking coffee at Cambridge; you came here to give a lecture at Harvard. The nature around is fantastic: orange yellow red leaves are falling down, the bright blue sky is above us and it is still warm outside.. We are recalling the fall 2011 and you say *Maria, what a wonderful job we've done! You personal statement stood out and I am so glad we got you to the HLS*

visualization.. I am all about it now

people need to smell each other.

All right

what does it mean *parents in the audience right side up?*

Tonight I will be participating in a recorded TV debate simulation. It is the public speaking training program. My topic is International organizations, UN in particular. I have to defend it and my opponent will critic it. Do you have any strong arguments FOR the existence of UN ?the arguments noone else would think of..

not bad,, but does not tie together , the language needs a great deal of work, , also filled with platitudes that i told you cannot be part of it. broaden perscpetives etc, intinerntiaonl realtions etc. I will try to find some time in the next few days

2011/9/30 [REDACTED] >

This morning I included the things we discussed.

I talk about vizualisation and funny moments: United Nations and debating in different languages. I say that i dreamt about living in a foreign country and my dream had realized : i won a scholarship from Rotary to study abroad... I wrote how tough it was to study law in french school, earning money myself..

I send you 2 new versions: one of them includes the paragraphe explaining why I want to study at HLS and the other one does not because I am not allowed to have more than 2 pages..

BUT It is still disorganized - I do not how to make this abundant information flow correctly... I would love you to help me with organizing all the ideas you find inside and the English language sound as beautiful as it sounds in the first paragraphe Jeffrey
