Is there any future plans you have in mind for me or are you just telling me to [REDACTED] in order to keep me busy and earn a little money since modeling is not a real job and I can't study? Sorry it's important for me to understand

You've always repeated me over and over again "having a job means getting paid", so the month of July I've earned 4K. Now that I am earning you tell me: "this is not a real job". Then, when I ask you "can you help me find one?" Your answer is "I don't know anyone". So I found [REDACTED] which I suppose it's a real job for you. My question is: Since I've got no studies, If I [REDACTED] for a period of time can I work for you afterwards or would you help me find a better job?

I told you that I might have found a job in a [REDACTED] for the month of August and I have my [REDACTED] job from September till all year long. It's easy to find basic jobs even last minute and they're the only thing I can do. I have not forgotten I had the opportunity to study and I'm not blaming anyone except myself. I was just very immature and probably still now, but less.

Thank you.. I'll be working [REDACTED] since they couldn't move the shoot and will spend [REDACTED] in Paris. No vacations, no boys, no sun, no fun. My [REDACTED] job is starting back in September.. Even for [REDACTED] I will always remain at the same basic level since I've never went to a [REDACTED] school to learn and people don't have time to teach. I would like to spend my time learning something new. I might have found a job in a [REDACTED] in August... I wish I could have a real career somewhere but with no skills and no studies it's impossible, that's why I feel that getting my butt in shape is my only way out.
