Brice located and received a quote forwarded to Rich K, and you I believe, from the vendor who originally installed this pool requiring a certain resurfacing material. According to Brice other vendors contacted back when this quote was being done did not work with this material or were not interested in to traveling out to ranch to do the work.

Rich K asked for another quote yesterday, Brice is in process of acquiring one from a vendor who 1) can work with the material required for proper resurfacing and 2) who will be willing to come out to ranch, etc.

According to Brice, he was attempting to have this done before 11/13 to have it ready for you and any guests before Christmas holiday time and to avoid cold weather affecting any aspect of resurfacing, since all systems currently providing heat will be shut down, pool will be drained, and doors to outside will have to be opened to bring in material required, etc.

Best regards,

Mark
