Below is another email from Naiad boats. Not sure if you like the reverse windshield but it does serve some practical purposes. It is easier to see when you are taking spray on the windshield and it also has a major reduction in glare at night.

Roy

Hi Roy

This was another design I thought you might like to see. It is a little bit larger, 12.8 meters, but the cabin style could be adapted to a smaller platform with outboards.

Thanks

Steve
