I will have NDA's and confidentiality contracts for all my team to sign to make sure they are legally bound to keep our discussions confidential. They will all be trusted & discreet but if there is anything additional we need them to sign to keep this private - let me know and I'll take care of it.

From there I'll need a few things like projector / TV and some whiteboard equipment. I can get us a boardroom in NY or we can use a place you prefer for brainstorming. I'm flexible.

More details to come.

best,

-Austin

Question for me is how pressing is the timeframe? How serious an initiative. If it's just us brainstorming I can come to you / or your always welcome in Montreal.

If we want to do actually workshop how we make the coin a reality, (team, tech, etc.) - it's better if I bring some of my staff to back us up in the discussion.

Putting a team together to help you build & concept your sharia coin if your still serious.

Do I fly to you? Or do you want to visit Montreal and meet the team?
