---

Jeffrey,

In stock,.

Dodge Grand CaraVan,. Is my recommendation, good basic van. Only company that has convertible hidden seats for second and third row,. Fully hide under the floor for max storage!

-- Msrp \$24,585.00 basic version in the photo.

-No- electric sliding door, manuel, maybe better, less to break.

-fabric seats, very light gray.

-283HP V6 engine, front wheel drive.

The Town n country is leather interior base starting at \$32,000 not instock currently.

Should I purchase?

(According to salesperson, Chrysler policy states you cannot export their cars for 6months, the sales person informed me that no recourse to buyer, its the rebates issue from Chrysler and dealership.)

Thx,

Larry
