That is weird. I wonder if he was on the road when you talked to him.

Yesterday he and I spent a good chunk of time working on budgets, and there was nothing odd at all in his behavior or comments.

He's young and very enthusiastic…

I think the pr(success) is probably under 10%. So, I'll have a fun 18 months, and then figure out what I'll do when I return to Harvard (unless something miraculously materializes in NYC)… Life goes on..
