 **Wolfram Insider for Education**

**Issue 5, 2016**

**NOW AVAILABLE**

We've rolled out improvements across the product family, including in the Wolfram Cloud, to take advantage of new Wolfram Language functionality and compatibility with Mathematica 10.4.

**CDF Player 10.4 »**

Bring documents to life with interactivity and powerful computation.

**gridMathematica 10.4 »**

Multiply the power of Mathematica over the grid to easily control CPUs and GPUs and solve large problems fast.

**Mathematica 10.4 Simplified Chinese Edition »**

Get access to the full Mathematica interface translated into Chinese, including all-new features introduced in Mathematica 10.4.

**SPECIAL OFFERS**

**Mathematics Awareness Month Deals »**

Do the math and save on select Wolfram products, including Mathematica Student and Home Editions. Offers are good through April 30, 2016.

#### FEATURED HIGHLIGHTS

### [New Wolfram SystemModeler Examples »](#)

We've added dozens of new examples across multiple industries and educational disciplines to demonstrate how easy it is to use SystemModeler's modeling and simulation functionality. Explore the list and download full models on our website.
