you are determined , Ill see bill on sunday next week, let you know by the 15th, probably not given your views on the value of public discourse , this is more like making love on stage. the topics are personal and intimate, not dumbed down for your audience

hi from OZ.. we should talk about stuff.. Gates was here an on same TV program as me a day later.. I think if he is willing to do that, he should be willing to take place in a public discussion at ASU.. Here is my motivation.. You (and I) learn from listening to intelligent people have discussions.. that is what the events at ASU are all about.. intelligent people having an informed discussion on interesting topics.. it is not a circus, but an intelligent evening.. for people who want to pay to listen.. as a capstone of a day's private events where the participants learn from each other.. It is not public education in the sense of Klein.. it is an opportunity for those who want to learn about that stuff.. not for those who have no interest.. Anyway, we need to nail down stuff as One Universe event is being arranged, and I want to do Money event the day before, if possible, to bring everyone together for a fun weekend.
