jay sad compensation committee meets on june 12. the early draft I saw had a 2 week cooling off period. it is very close to being 7/1 based on that.

If you think it is worth waiting we could literally stall a bit.

there's a lot going on with hedge funds. they threatened proxy battle over board seats. they are caucusing top shareholders. it is now a concerted effort. he's going to lose.

see [REDACTED]

not sure how this factors in but the interesting thing is what he says to the comp committee over why this is needed--he couldn't even let someone go competently :-)

If you think your efforts paid off and he looks foolish, then why wait?

You tell me? So much fun to be had.
