Darling I want to spend one month in NY in june/july,
to check for agency etc...

Anyway I just need to know if you be there and if I come stay with you during this time.

If you are ok what should I do, do i need a "work licence" or something like that, a VISA also?

I just want a check if I can work more in USA, Paris is to slow and boring :(

let me know ;)

Bisous bisous
