I spoke to the broker, his name is Bob Peerless,,
That BBJ is serial YG001,,
Meaning the first BBJ ever produced with a completion interior at Waco Texas,. Which Bob says is not an
advantage,,
No real ask,. Below \$20M,,
Only advantage to 001 his owner will finance, other issues,.

Bob likes the Royal jet BBJ he knows them well,,
He said he has no problem getting in and Registration accomplished on Royal jet BBJ,,
Royal Jet interior was a Lufthansa completion, best shop,,

Vegas BBJ is. Waco Texas completion as well,, Bob informs a Waco completion is not the best in the industry
and has many problems,.

Bob also mentioned the BBJ in Geneva that Ali sold some time ago,, had a very long time getting US registration
completed, and to his knowledge it was never certified US because STC interior problems and backup
paperwork was missing,,

Bob peerless very knowledgeable about BBJ's but typical carpet sales man,,
We actually were doing a deal with him and Gary Anzalone a couple years ago reference BBJ II and B727buyer
trade deal,,
