Jeffrey,

I recommend we have a joint meeting with Creative Kingdom, Amy, and myself to iron out the drawing requirements and other technical information needed for the CZM application. There are two very different submissions sent by you, so we have to determine which one is being used. Additionally, the proposed location of the docks should be guided by Amy's investigations. It is my understanding that the Army Corp is not going to allow a docking facility where you have one now because of the depth. That is to be removed as a part of the application for a permanent docking facility.

JPW
