Subject: Pro Tip: Automate Team Updates

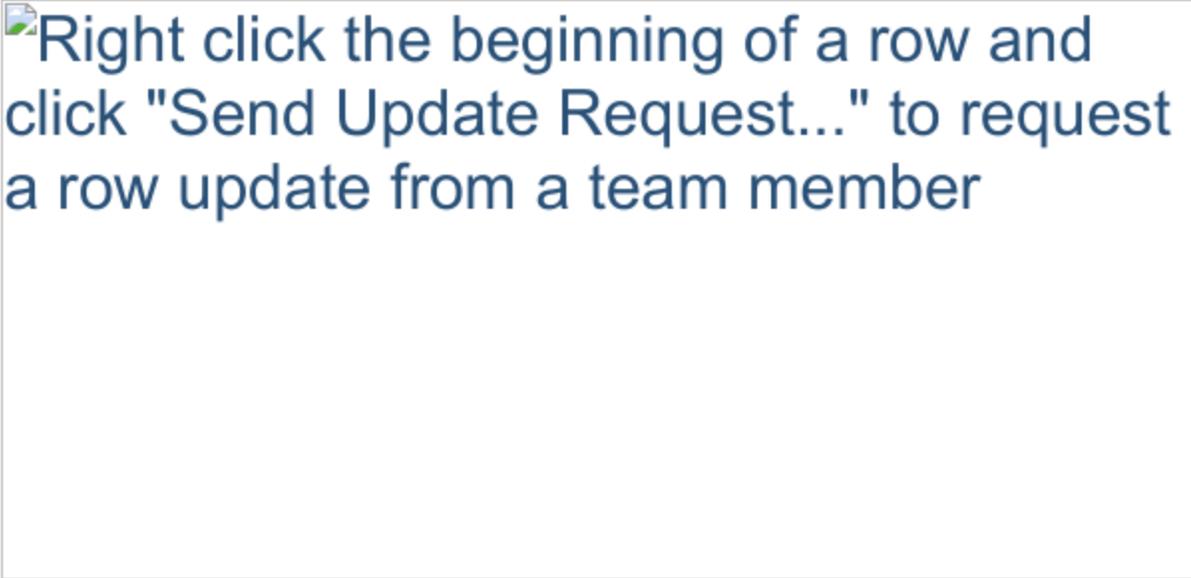

Date: Wed, 19 Apr 2017 12:13:47 +0000

Get Easy Updates from Anyone

Send an Update Request to your team, clients, or vendors when you need them to update information in your sheet. To send an Update Request, click the drop-down arrow next to the row number. The recipient will receive the request via email and can provide their updates without logging in.

[Log In to Automate Updates](#)

Right click the beginning of a row and click "Send Update Request..." to request a row update from a team member
