Good Afternoon [REDACTED]

Please forward invoices/statements when you can.

You will need to complete the attached Project Approval Form for the work complete on the Water Damage, as this is over standard repairs and maintenance, attached all backup information

Thanks [REDACTED]

[REDACTED],

Yes I had tried the unplugging idea and it didn't work so thanks for calling them.

I understand the checks are for emergency purposes. I will have to try and get the invoices faxed or emailed ASAP because payment is due at time of service. One invoice will be for shavings and the other two will be for the faux painter who will do the finish work on the main house water damage.

I will send as soon as I get them

Thanks

Hi [REDACTED]

Direct TV Unit in Master - Authorization Expired, either means that the card needs updating or the unit has been depowered for a period of time and needs to be rebooted, it usually is not a card issue as they are forever sending E Mails etc when expiration date in near. The easiest way is to unplug the unit & TV for about 5 minutes and re power, Since Direct TV could not do this and it was late when I was in contact with them they rebooted the entire system, please make sure that this did not throw one of the other unit out.

Note this is for the Direct TV units only, do not do this for Dish Network units

Checks, as you know the checks that you hold are for emergency use, hence please get all vendors to follow the standard payment procedure, either, Mail, E Mail or give to you and you can scan

statement/invoice to me to process payment. Obviously if they take Wire Transfers even better

Thanks

Hi █,

I wanted to let you know that the tv in the master suite is working now. Thank you for calling them. Also, I was wondering if you could send some checks(2) to the Ranch as there will be a couple of vendors coming out and they only take checks. I will let you know when they come and for how much.

Thank you
