Hey there!

As 2015 winds down I hope you have had a tremendous year getting stuff done with supercharged focus!

Here's an update with *5 quick bullet points* of some exciting news, and what we've got planned for the start of 2016.

1. Partnerships

As if our recent *SONOS* integration wasn't big enough (!) we are now also partnered with two amazing companies:

Bulletproof Coffee
Business Rockstars

Both organizations align with our core mission of being the best you can be!

2. The Gift of 'Getting Sh*t Done'!

We received tons of requests to have **focus@will** available as a gift before the holidays, and I'm happy to announce that now you can *give the gift of getting stuff done!*

Whether you want to give it to colleagues, family, or friends, **focus@will** will be a creative and productive gift for anyone who needs to get stuff done!

3. Power Users!

Engineers and executives from top tech companies (*Google, Apple, Microsoft, Tesla, SpaceX* etc) are power users of **focus@will**, *they get stuff done!*

4. New Channel

If the Classical channel gets you in the focus zone, we've added a new Classical channel called "Classical Piano" that we think will work wonders for you too. Our Music team have spent hundreds of hours to get this up before the holidays! Tell us what you think...

5. 2016

We've got a lot more in store for 2016; a new big system wide upgrade with an exciting new interface, more channels, more partnerships, focus contests, and much more!

Our team is always standing by if you have any questions.

Make a difference in your life, be happy and do your best work, always!

Be Well,

Will
