Yes, and could be challenged, but the FBI has some analyst seeing privacy of 3d P issues so he redacts based on exemptions 6 and 7c which relate (he, wrongly) to 3d party privacy without even thinking that the source was your counsel not law enforcement or the witness herself. Lets wait for DOJ review. Costly to push this into courts and then, if you win, increases the risk that the media will get what you succeed in getting.
